(Continued from First Page)

pose," he said, comprised another set spot in the story divulged to the committee.

This liquor, for which he said he had refused an offer of \$250,000 from bootleggers, was libeled as "the most vicious and adulterated shipped back to Scotland. He asserted the seizure and shipment were at the instance of the Attorney-General.

For this, he said, he had issued subpoenas for tomorrow. Orr is waiting to testify again and Roxie Stinson, divorced wife of Smith, will testify again later.

The story between Jess Smith and Miss Stinson, in spite of their separation, were disclosed in telegrams they exchanged which were read into the record today. First and last affairs of Smith and Miss Stinson also were bared today by two Columbus (O.) brokers, William R. A. Hays and Samuel L. Landen. The former, manager of the Standard Oil Co. branch at Columbus, bus, told of the "William R. A. Hays account No. 1," which he said was opened for Miss Stinson by Smith. His records showed transactions in the hundred shares of different stocks.

DAUGHERTY COMMENT

After Daugherty tonight issued his comment on the day's developments, as follows:

The testimony failed again to identify or connect the Attorney-General with any of the matters which were considered by that committee.

The bootlegging situation in New York City and the prosecution therefor were referred to as the principal witness, and demonstrated beyond question that he was guilty of violations of the law, but his testimony failed to identify the District Attorney's office in New York City arrested and prosecuted the whole crowd although they were unsuccessful in securing convictions in that city.

NO COURT RULING

The right of Congressional committees to call witnesses and papers from all over the country to aid in framing legislation, the attorney argued, never had been sustained by the courts.

"Has it ever been denied?" asked Senator.

"No, but it has been questioned," he replied.

There was a long colloquy between Littleton and Senators as to the right of Congressional committees to call witnesses within Sinclair's counsel contended that the committee was without power.

"If your ideas should prevail," said Senator Dill, Democrat, Washington, "what committee might as well close its doors and quit meeting."

"It should either quit or do its work in a constitutional fashion," replied Littleton.

"I understand Mr. Littleton's position," said Senator Walsh, "it is that members of Congress are obliged for the purpose of investigating themselves concerning contemplated legislation to depend upon the press, their talks with individuals and other voluntary information which anyone would be willing to give but they cannot compel anybody to come before a committee and tell it the facts."

"Senator, your statement is inaccurate," Littleton said.

"Oh, it is," returned Senator Walsh. "It is a statement of your argument."

URGES DECISION

The argument grew more and more heated. Finally Senator Spencer, Republican, Missouri, suggested that the power of Congress to compel attendance of witnesses should be passed on as quickly as possible. Littleton agreed.

The committee was suppressing evidence favorable to Mr. Daugherty, he said. Wheeler told him he had been "set up."

"We're getting pretty low," said Howland.

In the discussion Wheeler told Howland that "insufficient evidence won't go on the stand."

ALL IMPOUNDED

BY A. P. NIGHT WIRE

NEW YORK, March 21.—Harold L. Hart, mentioned in today's testimony before the Daugherty investigating committee, was indicted with fifteen others on a charge of conspiracy to defraud the government in widespread fraudulently liquor withdrawals in January, 1922, several months after he had resigned as New York State prohibition director.

Owen D. Murphy, a Bronx politician, part owner of a wholesale drug firm; William A. Orr and John Gorrell, whose names were mentioned in the testimony, were among the defendants. All were acquitted on March 20, 1922.

Government witnesses testified Hart, Orr and Murphy were ring-leaders in the conspiracy, in that it was alleged four wholesale drug concerns—the Alps Drug Company, the Central Drug Company, the S. and B. Drug Company and the Red Cross Drug Company—were permitted to dispense fifteen times as much liquor as was called for by their basic permits.

DENIES TESTIMONY

BY A. P. NIGHT WIRE

NEW YORK, March 21.—David H. Lawrence, special attorney in the office of United States District Attorney Hayward, today denied testimony given before the Daugherty committee that he had been paid a thousand dollars by the government or the illegal release of whisky from government warehouses.

He said the story was not only untrue but had never had any connection with liquor cases.

Mr. Hayward supported Mr. Esperance in his statement, saying the testimony was "preposterous."

There was an argument among Senators as to whether the committee should decide the questions raised in public or private. Senator Spain, Republican, Mississippi, suggested an adjournment to study the matter, but Senator Walsh declared it unnecessary.

SENATOR BURTON

New Mexico's Senator Burton, the committee should proceed with the examination. Senator Kendrick, Democrat, Wyoming, and

defendant in a suit and particularly by his counsel in that suit with a conspiracy to obtain the lease of Teapot Dome by fraud.

Inquiry by Senator Walsh of Montana, as to what he could do, Sinclair, by testifying again if he had a "just cause" aroused Mr. Littleton.

There was a sharp exchange between the attorney and the committee adjourned without a vote.

The committee adjourned without a decision whether Sinclair should be questioned, but it was understood tonight that an agreement had been reached to force the issue tomorrow.

Cameron, Republican, Arizona, said they wanted time to consider it.

Chairman Dill declared he favored bringing the witness before the committee.

Senator Walsh said he wanted to give Sinclair every right that he had in the country, but did not think the question of "fairness" so eloquently presented to us carried any weight.

WASHINGTON IS HIT BY STORM

(Continued from First Page)

West will reach Chicago on Saturday." Mr. Donnel went on, taking yet more joy out of life. "It will probably be accompanied by another heavy snow."

EXAMINATION USELESS

"You have no right to demand the validity of these leases," Littleton said. "And as far as the legislative adjudication can be effective you have legislated the leases to be valid and have legislatively imposed an injunction with regard to the property."

"You have established a policy of the government on this subject and anything you claim would be only a detail which would not warrant the further examination."

"You not only say that the leases were void but the language you use is very broad and the policy you have established is very definite. You have declared the policy of this government that the leases shall be maintained in the ground as a great reserve supply to meet a national emergency. You have thus discharged all the duties placed in your hands."

Fortunately for the public, the temperatures were not uncomfortable low. The mean temperature for the day was 33 degrees five points lower than the normal for March 21.

At that, Chicago was not picnicking on spring's practical joke to the exclusion of the rest of the country. Perfume, perfume herself, was carried to the station by the men.

It was a merry farewell party, more reminiscent of a picnic than anything else.

All of the employees received their pay full.

NOTICED BY Arthur G. Gallagher, receiver for the hotel, that they must leave, pay or no pay, when they stood their ground. Their ultimatum was "pay or we stay." At that, Gallagher, who had remained and announced that they could remain until the arrival of the pay roll.

SOLICITORS

For several days the employees were sole occupants of the place. They entertained themselves with cards, dancing and Mah Jongg.

The electric lights were out off and no water was to be had. The fires went out for lack of fuel.

The heaviest snow of the year among the Senators in Washington, too.

Two families were driven from their homes into the storm early today when fire attacked the two-story building at 2875 North Clark street. The flames are believed to have been caused by a defective chimney.

Those driven out found shelter in the Shefield-avenue police patrol wagon until other quarters were found for them.

COOLIDGE ASKS FARM RELIEF

(Continued from First Page)

he designed to bring the pay of postal workers to a level with employees in similar work in private business.

The immediate legislative program for the House as outlined tonight by Mr. Coolidge includes disposition of the time's most heatedly contested appropriation bills—the Navy, Army and independent office measures—immediate legislation, a resolution to increase the kitchen staffs, and the sound of the piano and base drum could be heard beckoning the revived hopes of the faithful.

SPRINT DROOP

But as the day drew to a close and no money was forthcoming, the high spirits again seemed to wane and instead of jazz, the piano dolefully thumped Auld Lang Syne.

At dinner time a conference was called. Funds were raised and two members of the party were sent to town to buy beans and bread. They were given a discreet withdrawal in washrooms, where individuals consumed beans fresh from the can and loaves of bread. The only diversion occurred when one lady of leisure gave vent to her feelings.

"I want my money, I want something to eat and I want to get out of here."

"You'll get your money," her escort grimly assured her, "or we'll make this place our permanent home."

SATCHEL GLAD SIGHT

The evening promised little in the way of activity. The lobby, lit by a few candles, was filled with gloomy shadows sitting about in the chill air. Suddenly the door was flung open and there entered into the gloom Albert Glass, lessee of the hotel. Mr. Glass, just arrived from Newark, bore in his hand a black mace. At the sight of him there arose a concerted hopeful roar from the stranded ones.

"Have you got our money?"

Woe to Mr. Glass! he had come without the necessary funds. However, bearing golden candlesticks with gloomy shadows sitting about in the chill air. Suddenly the door was flung open and there entered into the gloom Albert Glass, lessee of the hotel. Mr. Glass, just arrived from Newark, bore in his hand a black mace. At the sight of him there arose a concerted hopeful roar from the stranded ones.

"He (Sinclair) is personally charged with the bill, the government should be compelled to testify even in a matter of this charge."

Announcement of the government counsel that he is to be a criminal prosecution. Littleton said, constituted another reason why the committee should not question Sinclair. He added that it was safe to assume from the charge against Sinclair in the bill of complaint in the civil suit that effort would be made to have him tried.

"What harm would be done to Mr. Sinclair if he testified, if he has a just cause?" asked Senator Walsh.

TRIAL BEFORE MOB

"Just the harm you would suffer if you were subjected to present your case before a mob," replied Littleton.

"You tell me you must examine my client when he has been sued and may be indicted and compel him in an experts opinion to give you a statement."

"If he is afraid, he has ample protection," said Senator Walsh.

"Yes," replied the attorney, "you want to bring him before, before you can get him to take refuge under the plea that he might be incriminated himself."

"Should we excuse him on that ground?" asked Littleton.

"You're getting pretty low," said Howland.

In the discussion Wheeler told Howland that "insufficient evidence won't go on the stand."

Interstate Commerce Head Writes to Senate

Says Commission Unable to Pass on Policy

Points Out Disadvantage of Enforcement

(BY A. P. NIGHT WIRE) WASHINGTON, March 21.—The Interstate Commerce Commission today added another phase to the national and international controversy pending over the enforcement of Section 28 of the Merchant Marine Act.

Chairman Hall of the commission wrote Chairman Smith of the Senate Interstate Commerce Committee that the law did not permit the commission to pass upon the policy, or lack of it, in forcing the law, and pointed out that the commission previously has sought legislation on Section 28 "to obviate unnecessary conflict with the needs and usages of inland transportation."

Enforcement of the section, Chairman Hall said, might be expected to force business away from Atlantic ports other than New

### REVENUE BODY IS BOMBARDED

Former Workers Unite With Senators in Charges

"Mellon Companies" Figure in Assertions of Graft

Favoritism in Tax Refunds Charge in Attack

(BY A. P. NIGHT WIRE) WASHINGTON, March 21.—Sweeping, but unspecific, charges of graft in the Internal Revenue Bureau by former employees before the Senate Investigating Committee vied for attention to the members of the Senate floor of "unfair" methods of making tax refunds, the names of "Mellon companies" coming in for particular attention in both places.

The committee witnesses both engineers formerly assigned to field work in connection with war, plant, amortization allowances had been dismissed from the bureau of the Internal Revenue Bureau. J. P. Adams of Washington, declared that "there are some of the worst cases being put through in that department (the bureau) I ever heard of."

Presented by Senator Watson, Republican, Indiana, committee chairman, to say whether he had personal knowledge of any specific case of graft by bureau officials, Adams answered that he had not, adding:

"But if you will take my evidence there is no doubt under the sun."

#### BRANDED AS GUESS

Senator King, Democrat, Utah, a member of the investigating committee, brought the tax refund question up in the Senate. He attacked an item of \$105,000,000 for tax refunds submitted in the Senate bill pending in the Senate. On the ground that the Finance Committee had been advised that only \$25,000,000 pending refunds could have been made, Senator King said that the \$105,000,000 item was just "a guess as to probable refunds." His motion to cut the item to \$30,000,000 was defeated.

Evidently before the Finance Committee, Senator King declared, was sufficient evidence to prove that present methods of determining refunds are "unscientific and unfair to the government."

Before the investigating committee, Adams named companies which, he said, had been involved in amortization allowances compared with the amount, adding that investigation would show that these had been solved to the advantage of the companies as compared with treatment given the Ford Company.

"If you don't wake up, I'm afraid you'll be buried," he said.

Adams told of having seen in the Bureau a letter regarding special treatment to be given what he described as a "Mellon company" but could not name who wrote it. J. P. Moore, a former engineer of Adams as a bureau engineer on field work, described the cases of the Berwind-White Coal Company of Philadelphia and the E. H. Staley Company of Pittsburgh, a dental supply house. Original claims of allowances by these companies had been disapproved by the field engineers, but later reassigned for more liberal treatment by other bureau heads. Moore did not appear to know what finally had become of these cases.

#### HUGE REFUNDS TOLD

In the Senate, Senator McCall, Democrat, Tennessee, called Senator King to call committee attention to the list of tax refunds for 1921 and 1922 he had previously placed in the record. He said, "It was during '21 that as much as \$2,300,000 should be returned to be returned to a single taxpayer."

The committee has heard of \$2,000,000, \$4,000,000 and even \$8,000,000 being refunded, Senator King said.

"The Gulf Refining Company, in which Secretary Mellon is heavily interested, received a refund of \$3,300,000," Senator McCall said. Senator King said that this included refunds to the four main subsidiaries. Both Senators urged publicity of tax returns "to do away with nine-tenths of the refunds now made by the government."

#### AUDITOR IS SHY

Senator Wadsworth, Republican, New York, repeated many indignations made against those receiving refunds. He said that 1917 refunds had been less than 1 per cent of collections.

The committee also heard from A. J. Bradley, a bureau auditor, who declared that, while he was not afraid to testify, he "might lose his job" if he brought out matters detrimental to his chief.

The hearing went over until

10 P. M.

#### EXCHANGE COMPANY'S OPERATIONS ENJOINED

(BY A. P. NIGHT WIRE)

NEW YORK, March 21.—The National Stock, Cotton and Grain Exchange, Inc., may be enjoined by Supreme Court Justice from doing further business. The injunction was issued with the consent of the exchange and its president, Joseph C. Cooper, under the 1920 Bankruptcy Act.

President Cooper explained

that in not opposing the injunction he did so without admitting that the exchange had been guilty of wrongdoing.

#### BOOTLEG LIQUOR KILLS

(EXCLUSIVE DISPATCH)

TUCSON (Ariz.) March 21.—Williams, 22 years of age, a bootlegger from Ardmore, Okla., has died from the effects of drinking bootleg whisky said to have been obtained from Manuel Noriega, a restaurant keeper who has been held on a manslaughter charge. William Parks, who says he was with Williams when they bought two bottles of the stuff, is living, though in a serious condition.

## SUNNY SIDE ACRES

Opening day Sunday, March 23, 2 P.M.

This is located about three miles southeast of Pomona, within one mile of city limits, at the corner of Franklin Boulevard and Norton St.

Each acre has from 90 to 120 full-bearing peach trees.

Ideal for chickens, berries or garden. (Do not class this with some of the worthless land being offered for sale.) Seeing is believing; so drive out and see for yourself. Go South on Garey to Philadelphia, East to Norton and one block North.

This acreage is in the center of a 700-acre lease about 600 feet of a well just ready to spud in. Four other wells drilling in this locality. All oil rights go with land. Not leased. There are only nine of these acres to be sold.

For prices and terms, see

DEMOCRATS HIT  
DELEGATE PLAN

Election in Arizona Causes  
Protest in Party

McAdoo is Seen Favored in  
Picking State

Labor Unions Also Back of  
His Candidacy

[EXCLUSIVE DISPATCH]  
PHOENIX, March 21.—Within the party objection now is being voiced against the manner in which Democrats of Arizona are to select the State's delegates to the national convention. There appears to be assumption that the plan of selection by the State Central Committee was evolved in the interests of McAdoo, this after careful consideration within which Chairman Vernon Vaughn is Land Commissioner, is strong for McAdoo and, although this is almost tautology, so are the State's labor unions, especially the miners.

But the present, a pillar of Democracy, appears to have strayed out of the administration path, for it editorially observes: "A man rarely is given the worst of his life in a court of appeals or a real friend. This is one reason why McAdoo was told by the conferees in Chicago to stay in the race. But his candidacy was damaged very much by the oil retainer he drew. When the rubber burst loose, everyone within range gets his clothes damaged." Another staunch Democratic protest against the manner in which the national delegates are to be chosen.

"Such a procedure in a State where the most progressive principles of democracy have been written into our constitution and laws by the Democratic party is a reversal of old principles with the voters have repudiated in Arizona," the Era suggests that the proper method would have been for selection of the State convention delegates by a vote of the county central committee members—something that happens to have been done by the officers of the Republican State Committee. The era suspects that the State committee "seeks to rule in national political affairs."

PACT OPPONENTS LINE UP

It is noted that about all the opponents of the Colorado River compact in the last Legislature are given to one for renomination by the Democratic party. For the Senate this list is expected to include Fred Colter of Apache county, president of the Arizona High Line Canal Company, C. M. Robinson of Yuma, Sims of Co-chise, Alfred Kinney of Graham, H. A. Elliott of Greenlee, Howard Cornick and C. H. Rutherford of Yavapai, with other administration supporters to be added from Hugh Campbell of Coconino (deceased), Democrat, pro-pact, probably will be succeeded by Fred S. Brown, Republican, and pro-pact, W. D. Cuyop of Gila, an anti, is to ask for other Senate office. J. C. Phillips of Maricopa, Republican, may run for governor. Charles McMillan of Pinol, Democrat and pro-pact, is looking toward other State office. Mulford Winsor of Yuma, Democrat and pro-pact, is expected to be nominated for gubernatorial nomination with Hunt. The anti's had a majority of only one in the Senate last session.

The House membership last session had about the same percentage majority as that of the Senate, last session, on the compact, and there appears to be opposition that most of Hunt supporters and anti-pact will be in the race at the primary for the same position. Yuma and Mohave counties, both of them strongly Democratic, are strong for pro-pact legislators, as well as Colino.

In other Democratic counties, the administration supporters have opposition, this will largely parallel the vote on the compact, which undoubtedly will be placed before the electors, as an advisory measure.

HUNT MAJORITY SEEN

From this showing, it is clearly to be seen that the Democratic primary this year will feature of unusual interest. There is a general impression that the Hunt faction has a small majority within the party, this assisted by the employment of only one Hunt man in the more than thousand jobs at the disposition of the executive. On this account it may be said that the Hunt central committee already is functioning in every precinct of the State. The question of the compact, however, already has been given consideration. There is probability of an initial victory in "putting over" selection of a McAdoo delegation.

Just at present, the odds appear to happen through the introduction of the pact as a major issue in a Presidential year. There is bitterness already. A Phoenix Democratic weekly of acknowledged party standing is asking why onlookers in Arizona should not be considered as having qualifications for the governorship, in this referring to Hunt and to his whilom Republican opponent, Thomas E. Campbell.

It may be stated that the Democratic fall campaign has started

Mellon Says Finger-prints  
Are Latest Style in  
Washington

[EXCLUSIVE DISPATCH]

PITTSBURG, March 21.—"We want to get your features," said a newspaper photographer when he asked Secretary of the Treasury Mellon, who had just arrived here from Washington, to pose.

"They've changed that down in Washington now," replied Mr. Mellon. "They used to take our faces. Now they take our finger-prints."

With a party of Federal officials and financiers, Mr. Mellon came here to help celebrate the opening of the new Mellon Bank Building.

in Arizona. Gov. Hunt and a number of his supporters on the one side, and Mulford Winsor on the other, are making many speeches. One of the Gov. Winsor's supporters, however, is naturally holder of a lucrative office, is putting out on his official letter-heads, in red, the following: "If you are a friend of Arizona, you are not a friend of the oil retainer."

Another speaker, however, told the conferees in Chicago to stay in the race. But his candidacy was damaged very much by the oil retainer he drew. When the rubber burst loose, everyone within range gets his clothes damaged."

The child's body virtually is devoid of feeling, as hard as stone, though she still can move in a supine position. Her ankles are stiff and the joints of her knees are rigid.

Specialists advance the theory that she will live until the hardened skin becomes soft again.

Two specialists have examined the child and scores of X-ray photographs have been taken. A specialist from Honolulu conducted an investigation of the case in an Akron hospital, but admitted that he could not diagnose her malady.

She was treated by other doctors in Akron and also by physicians in Ashtabula.

A medical specialist from Syracuse failed to relieve her, and a State clinic in Akron later was futile in ascertaining the cause of the disease.

The child has not gained an ounce in weight in the last eight months, her present weight being thirty pounds.

The child's mother now resides in Akron, where she is employed in the welfare department of the Firestone company.

HUNGRY THIEF SLAIN  
AS HE STEALS FOOD

SHOT BY POLICEMAN WHEN  
HE FLEES WITH BOTTLE  
OF MILK

[EXCLUSIVE DISPATCH]

DETROIT, March 21.—A desire to satisfy his hunger with a bottle of stolen milk yesterday caused the instant death of Raymond Moger, 30 years of age, who was shot by a policeman while attempting to run down an alley in the city.

The policeman Herman Perry fired the shot at Moger and G. Fitzgibbons, 38, of Cleveland, tried to escape.

The policeman says Moger reached for his back pocket as if to draw a gun.

"I mistook the milk bottle for a revolver," Perry told the prosecutor.

Fitzgibbons informed the court that neither he nor Moger had eaten for two days and had stolen a quart of milk out of a restaurant kitchen. Moger recently was released from Jackson prison, where he served a term for robbery.

ANCIENT MASONIC  
CUSTOM IS REVIVED

MONTREAL, March 21.—In commemoration of its 172nd anniversary, Lodge of Antiquity No. 4, Ancient Free and Accepted Masons, revived an ancient tradition of Masonry by standing sponsor for a child of one of their members. The boy was baptized in the presence of the lodge at their church, the First Presbyterian Church.

Then the cause of the trouble came out.

The school authorities say they have been ringing the bell by the town clock.

WOBBLY CONVICTIONS  
UPHELD ON APPEALS

THREE VERDICTS IN HUM-  
BOLDT COUNTY STAND;  
FOURTH SET ASIDE

[BY A. P. NIGHT WIRE]

SACRAMENTO, March 21.—Conviction of three asserted members of the Industrial Workers of the World in the Humboldt County Superior Court on charges of violating the Criminal Syndicalism Act was upheld and the conviction of a fourth defendant set aside in an opinion handed down today by the Third District Court of Appeal.

The court affirmed the conviction of Frank Cox, C. F. McGrath and R. Kuhlman, but reversed the conviction of Lauri Mammil on the ground the prosecution failed to prove he was a member of the Industrial Workers of the World.

In disposing of the contention of the defense attorneys that the syndicalism law denies the right of free speech, the court said:

"It is clear that the law does not prohibit a man from changing his political views, but it does prohibit him from using his political views to incite others to destroy the property or imperil the lives of those who do not agree to such changes."

HOUSE FAVORS NAVY  
HOSPITAL ENLARGING

[BY A. P. NIGHT WIRE]

WASHINGTON, March 21.—The House today adopted a naval bill amendment by Representative Vinson, Democrat, Georgia, to increase the capacity of the naval hospital at San Diego, Cal., from 500 to 750 beds, enlarge the hospital at Pearl Harbor, Hawaii, and replace those at Mare Island and Canacao, P. I., with fireproof structures. The amendment did not specify the amount to be expended.

RECORDS OF BROKER  
SOLD TO JUNK MAN

TRIAL PROVES PUZZLE

[EXCLUSIVE DISPATCH]

NEW YORK, March 21.—A juncture of Orange County authorities across the continent and back to apprehend a man for asserted abandonment of his family ended in snickers in the Orange County Court when the judge dismissed the case on evidence that the absent husband had provided liberally for his family before going West.

Pursuit of O. S. Smith, formerly of Port Jervis, N. Y., led the officials to California.

ACT TO SAVE  
CHILD FROM  
PETRIFYING

Medical Riddle of Akron  
Placed in Hands of New  
Set of Physicians

[EXCLUSIVE DISPATCH]

LIMA (O.) March 21.—A medical riddle which has baffled specialists in all parts of the nation today was placed in the hands of Lima physicians, who will seek to save the life of Maxine Rawson, 4 years of age, whose body is slowly petrifying.

The lower part of the child's body virtually is devoid of feeling, as hard as stone, though she still can move in a supine position. Her ankles are stiff and the joints of her knees are rigid.

Specialists advance the theory that she will live until the hardened skin becomes soft again.

Two specialists have examined the child and scores of X-ray photographs have been taken. A specialist from Honolulu conducted an investigation of the case in an Akron hospital, but admitted that he could not diagnose her malady.

She was treated by other doctors in Akron and also by physicians in Ashtabula.

Phoenix Program Marked by  
Joyous Dinner

EXCLUSIVE DISPATCH

PHOENIX, March 21.—When the Los Angeles Chamber of Commerce's golden rule excursion into the Southwest was planned, Secretary Frank Wiggins forgot the weather. In consequence, Arizona has not been seen at its best. Wind prevailed along the border and at Yuma. But from Calexico to Yuma, according to Excursion Manager C. P. Bayer, the welcome was such that the conditions were forgotten.

Here the train pulled in this morning on the tail of a rain-storm, which threatened but failed to continue all day. But tomorrow will bring on the record for rainfall. Two inches are reported in Prescott, from where the visitors are to be transported over a mountain divide thirty-three miles to the northeast of the camp of Jerome. Lunches will be had at the mouth of the United Verde tunnel.

ITINERARY MAINTAINED

Supper will be served when the train reaches Ashfork. Even then this day will not be finished, for a dance has been arranged for the party of 100, which will be held at 9:15 o'clock. An opportunity to view the Grand Canyon at daybreak, probably from a snowbank, will be next.

By 9 o'clock today the visitors

started on an eight-mile drive, mainly over the well-shaded cement roads of the Salt River Valley. The Capitol, orange groves, alfalfa fields, and cattle fattening for market. And the miners, cotton and grain fields, a score of handsome schools, including the State Normal, and three country clubs also were viewed.

BUSINESS MEN HOSTS

At Chandler, after the Hotel San Marcos, President William Lacy and a number of other guests were luncheon guests of Dr. A. C. Chandler, who with others returned to Phoenix to accept the hospitality of a score of hosts, mainly business men detailed by President Howard Peck of the local Chamber of Commerce.

The evening at the Hotel Adams, the 140 excursionists were the guests of the Chamber of Commerce at a dinner at which were

LONDON BUS AND TRAM  
STRIKE APPEARS NEAR

BY CAREER—EXCLUSIVE DISPATCH

LONDON, March 21.—A general strike of all bus and street car workers in London and suburbs will begin at midnight tonight unless an eleventh-hour agreement is reached between the men and the employers. Negotiations between the two parties proceeded throughout the day resulting in the men's delegates flatly rejecting an offer of arbitration. The quarrel began with the demand of the street car men for an increase of eight shillings a week, which the employers declare they cannot afford on purely economic grounds. The bus men, who are members of the same union, are pledged to support the street car workers in the event of a strike.

LUMBER MILL WILL

BOOST ITS OUTPUT

EXCLUSIVE DISPATCH

FLAGSTAFF (Ariz.) March 21. Preparations have been made for increasing to 150,000 feet a shift the capacity of the Arizona Lumber & Timber Company's mill at Milton, near Flagstaff. This, save for a small mill at Mormon Lake, was the pioneer of lumber in the Coconino forest, started in 1882 by E. E. Ayer, now a Chicago capitalist, who later sold to D. M. Riordan. There is expectation of a shutdown of thirty days in the near future, to permit execution of the plans of improvement.

GASOLINE TAX REFUND

APPLICATIONS DENIED

BY A. P. NIGHT WIRE

SACRAMENTO, March 21.—Approximately 3,000 applications for refunds on taxes paid under the State gasoline-tax law have been rejected by State Controller Ray L. Riley due to the failure of those entitled to rebates to submit with their purchases original invoices of purchase. Riley declared that under the law he is authorized to refuse only on original invoices. Copies of invoices and other documents to prove purchase of gasoline cannot be accepted, he explained.

SEE MURDER ATTEMPT

EXCLUSIVE DISPATCH

MIAMI (Ariz.) March 21.—What appears to have been an attempt to assassinate a sleeping man is being investigated by county officers. A charge of dynamite was exploded at the side of a room where William E. Venable, an employee of the master mechanic's department of the Inspiration Company, was sleeping. Through broken glass was shattered over him and a hole was torn in the porch floor. Venable was almost uninjured.

BOND ISSUE APPROVED

EXCLUSIVE DISPATCH

PHOENIX (Ariz.) March 21.—The Superior Court has approved a bond issue of the Roosevelt Agricultural and Improvement District amounting to \$65,000, and intended to pay the cost of entrance into the Salt River Valley reclamation project.

an equal number of local residents, including Park and the business leaders. President George Todd of the Rotary Club was chairman; Secretary H. B. Watkins of the Chamber was toastmaster, and President Lacy replied to the welcoming addresses.

It was agreed upon the necessary interrelation of Los Angeles and this State, declaring each supplies a market for the other without criticism of any interest or locality. It was expected that the development of the water and power resources of the Colorado River must be a mutual matter between Arizona and Southern California.

POWER PROJECT REVIEWED  
"We need you," he declared, "and you need us." The millions of horsepower to be developed along the great Southwestern rivers will be used for all sections that can be reached by a power system that may be established, and will serve to bring wealth almost beyond estimate.

Other Coast speakers were Dr. William Doherty and H. M. Power. The latter represented the Los Angeles Realty Board.

The dinner was a gala affair throughout, with horns, cowbells and firecrackers adding to the applause. Every speaker was invited to start an armchair in praise of Los Angeles, a cash register being operated by the chairman. Telegrams of obviously fictitious origin poured in from Los Angeles.

Each speaker was commanded to speak into a radio horn, with assurance that his words would be carried through to the Los Angeles stations. But, as conclusion, Chairman Todd turned the radio over to the man who had done so much for the peace between the two great communities represented.

LONDON, March 21.—A general strike of all bus and street car workers in London and suburbs will begin at midnight tonight unless an eleventh-hour agreement is reached between the men and the employers. Negotiations between the two parties proceeded throughout the day resulting in the men's delegates flatly rejecting an offer of arbitration. The quarrel began with the demand of the street car men for an increase of eight shillings a week, which the employers declare they cannot afford on purely economic grounds. The bus men, who are members of the same union, are pledged to support the street car workers in the event of a strike.

### A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion. It is a mucus-lubricating creosote that is pleasant to take. Creomulsion is a new medicinal discovery with twofold action: it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recognized by the Medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung trouble. Creomulsion contains in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma and other forms of throat and lung trouble. Creomulsion is excellent for taking up the systems after colds or the flu. Money refund is given on any unused portion of how long standing it is not taken after taking according to directions. Ask your druggist. Creomulsion, Co., Atlanta, Ga.—Advertisement.

### WEAK, RUNDOWN AFTER SICKNESS

**Lydia E. Pinkham's Vegetable Compound Made Mrs. Dube Well and Strong**

E. Hartford, Conn.—"After a severe sickness I was so weak that I could not do my housework, so my mother told me to take Lydia E. Pinkham's Vegetable Compound.

The first bottle helped me much, though it took me six bottles to feel fine. I have just given birth to a nice baby girl and am feeling strong and well. So different from the way I felt before. I am taking the Vegetable Compound right along while nursing. The baby seems to be in good health, and my friends say they are big clients for the product."

Miss Lydia E. Pinkham, 59 Woodbury St., Hartford, Connecticut. The Vegetable Compound is applied to medicine to bring back health and strength. Many mothers have found it is true, as did Mrs. Dube. There are women everywhere who know by experience the value of Lydia E. Pinkham's Vegetable Compound.

Write to Lydia E. Pinkham Medicine Co., Lynn, Massachusetts, for a free copy of Lydia E. Pinkham's private Text-Book upon "Aliments ouculaires à Women."

## NOTICIAS MUNDIALES DE ULTIMA HORA

En obsequio a nuestros numerosos amigos de habla española, y para beneficio de los lectores americanos de "The Times" que estudian esa lengua, publicamos diariamente esta columna en castellano, con un extracto de las más importantes noticias de última hora.

Programa de Los Angeles, que es la metrópolis de los Estados Unidos que más noticias de su territorio latino-americano, habrá de depender de las relaciones que logremos establecer con nuestras hermanas, las repúblicas del sur.

Para que a ser enteramente cordiales, no hay nada tan importante como que las amigas claudicantes se familiaricen con la lengua castellana. Tan más de 25,000 personas que estudian castellano en Los Angeles. A ellas conviene leer todos las días esta columna, la que la encontrarán

### NOTAS TELEGRÁFICAS

Noticias de Washington

WASHINGTON, March 21.—Irvin B. Laughlin, of Pittsburgh, ha sido nombrado Ministro de los Estados Unidos en Grecia.

La Secretaría de Estado ha recibido noticias de que se ha restaurado el servicio diplomático, el orden de Tegucigalpa, Honduras.

En una comida-conferencia en la Casa Blanca, el Presidente Coolidge discutió la situación legislativa con los líderes republicanos de la Cámara.

BERKELEY, Calif.—El secretario del Interior, Charles L. E. Merriam, ha sido nombrado Ministro de los Estados Unidos en Grecia.

Los miembros de la comisión de relaciones del Senado han discutido con el Presidente Coolidge sobre la ley de ingresos sin haber llegado a un acuerdo.

La Cámara adoptó una enmienda al proyecto de ley de presupuesto naval, por la que se habrá de suplir al Presidente que incide las provisiones para otra conferencia sobre limitación de armamentos marítimos.

Correspondiendo al resultado de la primaria presidencial de Dakota del Sur, el Presidente Coolidge ha prometido hacer lo que esté en su mano para llevar el alivio económico a donde se necesita.

Se trata de impedir la salida de trabajadores en México.

Ciudad de México, Marzo 21.—El Ministro de la Interior, que ha pasado más de un año en su intento de impedir la emigración de millones de jornaleros mexicanos que se van rumbo a los Estados Unidos año con año, por los meses de Marzo y Abril.

Está dando estos pasos el Ministro Colunga, Ministro de lo Interior, porque la gran mayoría de los jornaleros que emigran se quedan temporales, y no temporales, en los Estados Unidos para faire de su vida.

El gobernador mexicano se ve obligado a gastar fuertes sumas en traerlos a sus hogares.

La mayor parte de estos trabajadores, dice el Ministro Colunga, buscan labores de campo en Sudáfrica y Texas, luego que llegan a los Estados Unidos, y comienzan a regresar a México en Octubre y Noviembre, y así sucesivamente, asimismo circulan a través de los gobernadores de estados, indicando que demuestran a los jornaleros que cometen una torpeza en ir a los Estados Unidos.

En lo venidero, dijo el señor Colunga, todos los jornaleros que marchen a los Estados Unidos tendrán que llevar pasaportes.

El presidente Coolidge, que se encuentra en la frontera va a ser sumamente considerablemente a fin de impedir que los trabajadores crucen la línea abruptamente.

THE GUMPS—HOMeward Bound

400 MILES OF SILENCE! DEEPLY WOUNDED MIN IGNORES ALL OF ANDY'S PLEAS AND EXPLANATIONS—POOR INNOCENT ANDY IS AS HAPPY AS A CANARY WITH TONSILLITIS—

"Times" Staff Correspondent LONG BEACH, March 22.—Long Beach will not seek to form a separate county of its own, as was threatened by local attorneys some time ago, but will rather seek a formal and county government fused within the laws established throughout California, a separate political entity which will remain a part of Los Angeles county, was revealed here today by Col. Herbert R. Fay, executive director of the Long Beach Chamber of Commerce. A committee whose business it is to devise such a plan has been appointed by the chamber. It has been formed, and work on the project will be started at once. Col. Fay is a highly trusted member of Long Beach, to procure the services of the Superior Court and other agencies and in other ways to bring about conditions which will be in the best interest of the city.

The committee is authorized to determine just how far it can go in its efforts to secure these benefits without creating friction, it was said. Col. Fay is composed of Col. Herbert R. Fay, chairman; H. C. Oliver, Peacock, Frank and Edgar A. Davis, who will work with a similar committee of the Long Beach Chamber of Commerce, of which Roy Mead is chairman.

Negro Admits Robbing Safes at Imperial

DETROIT, March 21.—A negro, negro, has confessed to robbing two offices in Imperial, according to Dist. Atty. Uley, who said he took the statement here today. Uley said he opened the safe in the office in Imperial and found \$10,000, then went to one other safe, and took \$100. A crowd of 200 instances of the door of the safe.

Many Johnnies, however, negro, that he does not know and was not with him. The negro were condemned. The Sheriff, another negro, is suspected of implication in the breaking.

CHAMBER TO KILL SCHOOL-STOP LAW

DETROIT, March 21.—A school-stop law, which put into effect only a few days ago, probably will be wiped out. Following many discussions from the motorizing organization, repealing the law has been introduced in the first reading. The city commission, and has agreed to agree, that the rules are not working out properly. Chas. Traffic Officer, said both the traffic and school stop laws are repealed the only demand for the children to strict enforcement of the laws. The department's main idea is to make the schools and to assist children over the street, he said.

HOSPITAL TO OPEN

Emergency Station Nearly Ready For Use

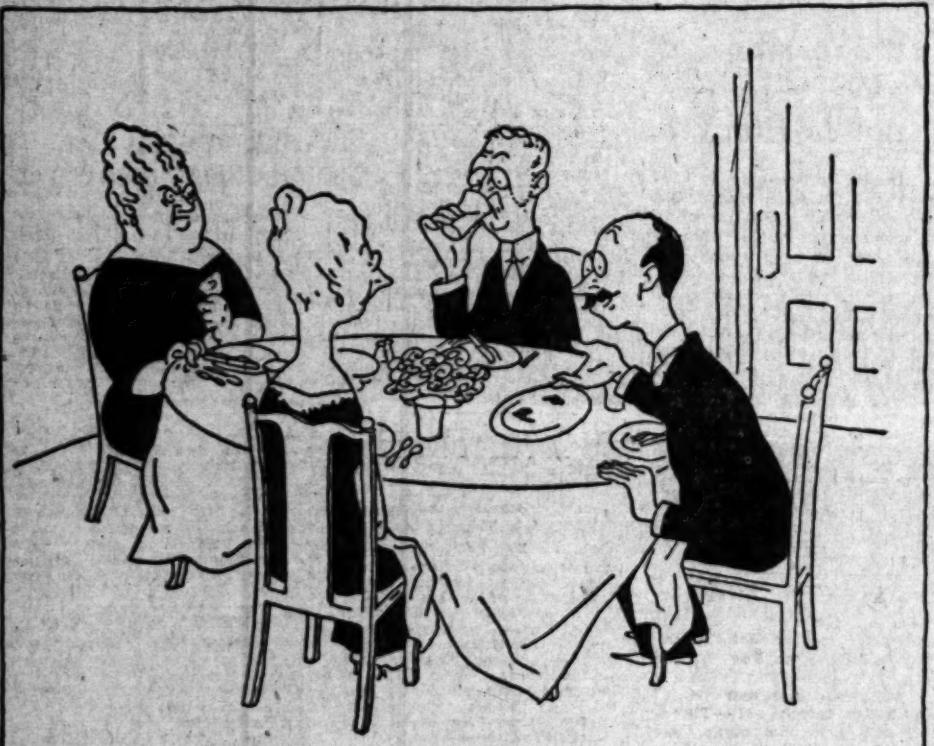

DETROIT, March 21.—The new emergency hospital which is being completed in the building of police headquarters here was opened in the course of the day. The hospital, which is to be used for the treatment of the city's emergency cases, is the handiwork of the city health department. A first aid depot has been maintained in connection with the police department for a number of years, but owing to the growth of the district this became

NEW UNIT  
FOR NAVY  
HOSPITAL

Congress Votes Funds  
for Construction at San  
Diego

**EXCLUSIVE DISPATCH**  
SAN DIEGO, March 21.—The great naval hospital in Balboa Park will be enlarged by the construction of another unit to cost between \$750,000 and \$1,000,000, according to word received today from Washington that Congress had authorized the necessary funds. The new unit will increase the capacity of the hospital from 500 to 750 beds or enough to serve the peacetime needs of the entire Pacific Fleet.

The new unit in Balboa Park is to be built immediately south and east of the present structure on additional five acres of parkland. It was stated to the Council by Capt. F. W. F. Weber, in charge of the Navy Hospital in Balboa Park, when the additional unit was mentioned, that the work on enlarging the structure would begin in the immediate future. The money now being appropriated, it was stated today, means that plans would be advanced for probable construction this coming summer.

## SUSPECT PAIR HELD

Man and Woman Thought to  
be Professional Shoplifters

**EXCLUSIVE DISPATCH**  
ONTARIO, March 21.—Sought by the Ontario police for the theft of four silk dresses valued at nearly \$100 from Mrs. J. E. Moore, who conducts a shop at 132 North Euclid avenue, Adelia F. De Bacio and Marceline Diaz, alias Diaz, were in jail today, the local officers informed, after having been caught in similar shoplifting operations at Pomona.

When the woman and man, who are said to be husband and wife, visited Mrs. Moore's shop several days ago, it is reported she discovered they were not returning their merchandise and attempted to follow them, but when they were in a motor car, the number of which the shopkeeper was able to procure.

With the aid of the number, the police were able to track the movements of the pair, who are believed to be professional shoplifters and investigations developed the fact that both are under arrest. Many articles found in their possession are being held to indicate that they have been engaged in extensive operations in many cities in Southern California.

## TO LOAD AT SAN DIEGO

City to be New Port of Call for  
Japanese Line

**EXCLUSIVE DISPATCH**  
SAN DIEGO, March 21.—An announcement was made here today following extensive investigation by S. L. Kreider, prominent Pacific Coast shipping agent, that San Diego would be made a regular port of call by the Toyo Kisen Kaisha and the largest companies operating vessels over the trade routes of the world.

Kreider was in the city today making final arrangements for the handling of the first cargo to be taken on board by a vessel of the large Japanese line.

It was announced that vessel of the Toyo Kisen Kaisha would call here on April 5 to load a cargo of tea, and the entire district of Pomona is now open to business houses, although a dangerous precedent seems to have been set by the world.

The city's next move will be to pass a bill making it a criminal offense, according to reports, which will stand in the courts. Dr. Smith is a prominent member of the motor club, and the motoring public, especially the young, following many of the leading officers, are working out a plan to make the city a better place to live in.

Temporary arrangements also have been made for another vessel, one of the largest of the huge fleet operated by the Toyo Kisen Kaisha, to call here in May, this vessel also to load cotton for Japan.

## PIER FRANCHISE SOLD

Legal Steps Completed in Deal at Ocean Park

By a "Times" Staff Correspondent  
SANTA MONICA, March 21.—That no further legal steps are necessary regarding the sale of the franchise for the Ocean Park amusement park was the announcement made today of Santa Monica City Commissioners.

The only remaining legal formality will be completed when the Venice Investment Company, purchaser of the franchise, files a bond and the city publishes the ordinance.

This ordinance will contain all the conditions under which the franchise was sold, including the payment of 2 per cent of the gross receipts from the pier after the first five years of the life of the right.

In the meantime it is anticipated that preparations for building will be started immediately.

## TAKE LEVY PROPOSED

**LOCAL CORRESPONDENCE**

INGLEWOOD, March 20.—The first project to be submitted to the Inglewood contact committee of the State Bar of California, according to word received this morning, will consist of a bill to prohibit the practice of law in the city.

The bill will contain a provision for the hands of the public to be held in the city, and a bill to prohibit the practice of law in the city.

In the meantime it is anticipated that preparations for building will be started immediately.

## BOY ACCUSED AS ROBBER

**LOCAL CORRESPONDENCE**

HUNTINGTON PARK, March 21.—Although Andrew L. Wood, of 612 West Belgrave is only 12 years of age, police declare he already has been mixed up in three or four robberies in this city, one having been reported yesterday at the T. H. Mayfield residence at 2110 West Randolph street. Candy and fruit were stolen. Officer Will Hiltquist went to the boy's home and questioned him about the robbery. The boy let the officers to an ice house where the boy's parents were found hidden. He was turned over to the Juvenile Court officers.

## CALIFORNIA PETROLEUM

Analysis of Recent Statement; Inventory Appreciation; Fixed Charges; Oil Storage

BY ARTHUR L. BREWER,

(Manager Service Department, Banks, Huntley &amp; Co., Los Angeles) Oil inventories of the California Petroleum Corporation are shown in the balance-sheet as at December 31, last, at \$4,452,153.9. There have been two increases in oil and gasoline prices since that date. Recently, in respect of an oil corporation, the Union Oil Company of California, we estimated that through these two increases, the inventories had made an increase in value equal to nearly twice the 1924 dividend requirement. It is timely to try to determine the value of the California Petroleum Corporation, which has profited in the same way, as the company is just listing its common stock on the Los Angeles Stock Exchange.

It was pointed out in the Union Oil statement that crude at the well had made an aggregate average price advance of 72.42 per cent between December 31 and February 5, while the oil in the market had risen 49 per cent, or 30.77 per cent, and engine distillate 29 per cent; the mean average of these figures being 46.54 per cent. The following information of how the inventories were segregated—a matter not mentioned in the statement—will be of interest. From this project, the oil inventories had appreciated 50 per cent.

## ESTIMATED APPRECIATION

In the case of California Pete, it is understood that the bulk of the inventory at December 31 consisted of crude oil of various qualities, and that the company had made an aggregate average price advance of 72.42 per cent between December 31 and February 5, while the oil in the market had risen 49 per cent, or 30.77 per cent, and engine distillate 29 per cent; the mean average of these figures being 46.54 per cent. The following information of how the inventories were segregated—a matter not mentioned in the statement—will be of interest. From this project, the oil inventories had appreciated 50 per cent.

## PREPARED FOR EMERGENCY

There is not sufficient information at hand to determine whether the company has overinvested in inventories. The probability is that the big companies which had to embark on great storage expansions last year have taken care not to be caught short again. And if yet remains to be seen whether more than half of this total capacity is actually being used for storage or oil.

## HARDWOOD EARNINGS

Hunter, Dulin &amp; Co. are in receipt of the annual statement of the Southern California Hardwood &amp; Manufacturing Co., whose firm management and bonds were written by the firm in 1921.

The earnings for the year ending December 31, 1923, were reported as \$204,172, or approximately five times interest charges of \$40,844. Balanced sheet accounts are open and show a half cent dividend outstanding. Notwithstanding that the surplus now totals \$78,225, \$122,202 having been added during 1923. Of the original statement of \$475,000 of bonds, \$60,000 have been retired and canceled, leaving \$415,000 now outstanding.

## CARSON NO. 3

Another in the Dominguez

Daily production in the Dominguez field yesterday climbed to about 4500 barrels with the bringing in for the fourth time of the Union Oil Company's Calleender No. 3, the first production of 15 barrels per day.

The well, which was originally the second well in the field, was first completed with a 2200-barrel flow, but subsequently was killed because of water trouble, after which two unsuccessful attempts were made to complete it. Calleender No. 3 is down 3880 feet, having been drilled from its original level of 3822 feet. The great initial production for having taken thorough and comprehensive care of this well, and a degree of less than 1 per cent emulsion.

Carson No. 3, which caused a suspension of oiling in the Dominguez field, was made to bring in the \$50,000,000 of bonds outstanding, these bonds having been issued under a lease to be paid by the company.

The earnings for the year ending December 31, 1923, were reported as \$204,172, or approximately five times interest charges of \$40,844. Balanced sheet accounts are open and show a half cent dividend outstanding. Notwithstanding that the surplus now totals \$78,225, \$122,202 having been added during 1923. Of the original statement of \$475,000 of bonds, \$60,000 have been retired and canceled, leaving \$415,000 now outstanding.

## DIVIDEND PAYMENTS

Directors of the Sonora Phonograph Company, Inc., have voted to pay a dividend of \$100,000 of the \$1,000,000 of bonds now outstanding.

The earnings for the year ending December 31, 1923, were reported as \$204,172, or approximately five times interest charges of \$40,844. Balanced sheet accounts are open and show a half cent dividend outstanding. Notwithstanding that the surplus now totals \$78,225, \$122,202 having been added during 1923. Of the original statement of \$475,000 of bonds, \$60,000 have been retired and canceled, leaving \$415,000 now outstanding.

## STORAGE CAPACITY

We hear unofficially that these inventories may actually represent storage capacity, and that these were made for the sake of conserving the company's capital, rather than for the sake of conserving the company's capital.

The earnings for the year ending December 31, 1923, were reported as \$204,172, or approximately five times interest charges of \$40,844. Balanced sheet accounts are open and show a half cent dividend outstanding. Notwithstanding that the surplus now totals \$78,225, \$122,202 having been added during 1923. Of the original statement of \$475,000 of bonds, \$60,000 have been retired and canceled, leaving \$415,000 now outstanding.

## MOTORS A BIG TRADE FACTOR

Growth of Industry Likely to be Maintained

Low-Priced Cars Form Bulk of Year's Sales

Business Problems Puzzled by Huge Turnover

BY GLEN GRISWOLD

(EXCLUSIVE DISPATCH)

CHICAGO, March 21.—Motor and tire stocks were the special target of bear operators in Thursday's market, and while the day ended without serious losses in these departments, the incident led to abundant speculation as to the immediate prospect of these allied industries.

With the annual statements of the automobile companies for 1923 make a favorable showing, reports by quarters or by months indicate that the margin of profit has declined sharply in the last half of the year. This situation is to be corrected either by increasing retail prices or cutting unit costs. A few unimportant advances have been made but as a rule the industry has no hope of materially higher quotations for some time to come. All producers are making extraordinary efforts to reduce production costs.

Growth in the industry and profit from it seem to come largely from low-priced automobiles. Nearly 82 per cent of the cars sold last year were priced at less than \$1,000, and but 2 per cent sold for more than \$2,000.

The effort of every important producer is toward a greater volume of business and lower unit cost. The first effort is highly successful. Figures for 1923 show that production averages about 15,180 cars and trucks per day. This is a new high record for the industry, as compared to 15,157 cars per day last year. May of last year, which has been a high record since. Thus far in March production has shown no hesitation and there is every indication that this movement will be maintained.

## THIS YEAR'S OUTPUT

The February record suggests an annual production of 4,500,000 cars. While this is approximately 500,000 cars less than are promised, the production schedules on which the leading companies are operating, in view of the cars and trucks actually in use, would be increased by 2,125,000 during 1924.

Official trade figures show that at the end of 1923 there were 15,225,588 cars and trucks registered. Present production figures show that at the end of 1924 there should be 18,420,000 motor cars in the country, which would be about one to each inhabitant of the country.

Alfred P. Sloan, Jr., president of General Motors, makes a report that is fairly typical of the experience and opinion of motor builders in this industry. He finds that 20 per cent more cars have gone into the hands of dealers during the first quarter of the year than in the same period of 1923, and that actual retail sales are probably in excess of the same season of last year, while the company has in its possession less than ten days' production. Like other leading companies, General Motors reports an unusual large number of cars in the hands of dealers, but this is by deliberate arrangement to avoid the situation which prevails last March and April, when buyers waited their turn for delivery, and often were delayed from thirty to ninety days.

The ratio of urban to rural sales is still considerably in excess of normal, but labor is so well paid and generally employed that it more than compensates for any loss of farm buyers. However, there is no serious decline in the farm demand, except in the spring, in the territory from the Missouri River Valley and the territory immediately south to Western Texas.

## USED-CAR PROBLEM

Automobile financing companies and banks report that dealers are in fairly secure position, although the problem of disposing of used cars is growing more difficult. Prices on used cars are unusually low, but the values allowed in trade have been cut and are nearer to the salvage price than at any previous time in several years.

The tire industry has not been so well situated statistically as the motor business, but it has less to fear from overproduction. Production schedules are less optimistic than that of car builders, and if both industries adhere to present plans there can be no surprise. The tire maker has suggested the reduction of more than 20,000,000 tires, and the motor makers come close to their scheduled production and export buyers will take more than 20,000,000 tires. The cars in operation at the end of the year will use more than 20,000,000 tires at the rate of two for each car and this is probably a minimum requirement.

## MRS. CARLTON GIVEN CHANCE

Wife of Convict Granted Ten Years' Probation

Parole Officers to Watch Regeneration

San Quentin Awaits Her if She Fails

A solemn girl of 22 years, attired in black and with white, drawn face, framed in black, bobbed locks, went into Judge Avery's courtroom yesterday morning. She was Jeanne Carlton, bride of Edward H. Carlton, convicted of the murder of Special Officer Robert E. Magee during a Wilshire district held up last November. But the Jeanne Carlton of the past, the young woman who had been accused of complicity in the policeman's murder, never left the courtroom.

Yesterday afternoon the same solemn girl who had entered the courtroom in the left the courtroom but had no longer looked like Carlton. She was Anna Johnson and before her lay the way to the land of regeneration. Anna was given orders to follow the road and if she failed she would be recalled and sent to San Quentin penitentiary for a term of from one to ten years.

Judge Avery granted the girl probation of ten years on terms which probably will prove more strict than the man's penitentiary for.

**CHANCE IN THOUSAND**

Previously the young woman had pleaded guilty to a charge of manslaughter in connection with the slaying of Magee. She asked permission to file application for probation.

"There is only one chance in ten thousand that it will be granted," Judge Avery told her attorney, George S. Shreve, "but if you are willing to take that chance I am sure the matter will be considered."

That was several weeks ago. Yesterday the court, after a lengthy interrogation of Mrs. Carlton and after hearing the results of the examinations who examined the girl, granted her that chance.

Dr. Victor Parkin was called as a witness at the hearing. He testified that at least Jeanne Carlton had "regained" so that she had been raised by Carlton because of her love and fear of him; that at the time of the Magee murder she was irresponsible and that, to her detriment and disadvantageous to society.

**VICTIM OF HUSBAND**

"Like the man who was shot, I believe she was more the victim of Carlton's viciousness than an accomplice in the crime," Dr. Parkin said.

Mrs. Carlton was released to the custody of Mrs. Jean McCracken, parole officer, who will be one of three persons who will know the young woman's whereabouts during the time she is confined in some institution to be selected by the office and approved by the court.

She will be allowed to communicate with her husband, now serving a life sentence in San Quentin, but only through Mrs. McCracken.

In granting probation, Judge Avery explained that while he believed in following the law to the letter, the circumstances of the case were such as to justify the sentence taken in the interests of society.

Two burglary charges against Mrs. Carlton were dismissed on motion of the District Attorney.

**STATE ROAD SYSTEM STUDY IS SCHEDULED**

**ADVISORY COMMITTEE TO START MONDAY IN EXAMINATION**

A study of the state highway system undertaken at the direction of the Legislature will be begun here next Monday when the Advisory Committee of Nine meets at the offices of the State Highway Commission in the Pacific Finance Building. The first trip of the committee will be to San Francisco, and the trips of inspection over Southern California highways will follow.

State Highway Engineer Morton, who is a member of the committee, announced the forthcoming meeting at Sacramento yesterday. The Monday meeting will be the first of the committee.

## LANZIT PLOT IS TOLD IN COURT

(Continued from First Page)

of her estate. Then we'll put the wife out of the house and take all of the money, about \$100,000, will go to me. I'll fix you well if you pull off this job."

First, according to Tate, he and Lanzit studied photographs of the victim, and then Lanzit made a dynamite. He was given photographs of Lanzit's intended victim for purposes of identification. Diagrams were drawn by Lanzit for him, to familiarize him with the scene of the intended explosion and where the bombs were to be planted.

A police plot was discussed by Lanzit, according to Tate. Lanzit displayed a blue powder, explained to Tate, he had attempted to poison Mrs. Lanzit with it but that plot had failed. The poison plot was abandoned.

**FUSES DEMONSTRATED**

Tate said he produced the sticks of dynamite and other instruments of death. Lanzit led him to the hills for a demonstration. Tate instructed Lanzit in the construction of bombs. He demonstrated different kinds of bombs. Lanzit concluded that an instantaneous bomb with a fuse attached would not afford enough time for escape.

The occupants of the building were surprised by the raiding officers when a number of asserted games were in progress. A large amount of gambling paraphernalia was seized and a quantity of money was uncovered, the officers reported.

The prisoners were rounded up in more than a score of automobiles that were parked in the rear of the place, and officers were charged with gambling except Ford, who was charged with conducting a gambling house and the man who ran the place.

The place had been under observation for some time, the officers reported. Elaborate preparations had been made for the raid which was conducted quickly and smoothly, the approach would be given.

The place was dark when the officers drove up in automobiles and apparently had been closed.

The officers then went to the place where no diners in the safe part of the roadhouse when the raid was executed, the officers reported.

## FIFTY ARE NABBED AS GAMBLERS

Squad of Officers Raid Darkened Roadhouse at Culver City

Acting on information that gambling on a large scale was being conducted inside the darkened building of Ford's Castle, a roadside house near Culver City, a squad of twenty officers headed by George Contreras, chief of the dry squad, and Harry Raymond, captain of detectives of the District Attorney's office, last night battered down the doors of the place and arrested fifty men and the proprietor, J. Ford.

The occupants of the building were surprised by the raiding officers when a number of asserted games were in progress. A large amount of gambling paraphernalia was seized and a quantity of money was uncovered, the officers reported.

The prisoners were rounded up in more than a score of automobiles that were parked in the rear of the place, and officers were charged with gambling except Ford, who was charged with conducting a gambling house and the man who ran the place.

The place had been under observation for some time, the officers reported. Elaborate preparations had been made for the raid which was conducted quickly and smoothly, the approach would be given.

The place was dark when the officers drove up in automobiles and apparently had been closed.

The officers then went to the place where no diners in the safe part of the roadhouse when the raid was executed, the officers reported.

## BODY OF CAR VICTIM WILL ARRIVE HERE

Plans for Funeral Rites of David W. Wickersham Not Yet Completed

The body of David W. Wickersham, 511 South Ardmore street, who was fatally injured near Bellflower Thursday night, when the car in which he was riding with his son and daughter-in-law was hit by a bomb, will arrive at 10 a.m. Saturday.

Tate denied that he had ever been sincere with his participation in the plot.

At the time of the raid, Mrs. E. F. Wickersham was driving. Her husband and father-in-law were seated in the tonneau of the car. She was uninjured.

Mr. Wickersham is reported to be a multi-millionaire and had long been associated with the oil industry here.

**FIRST PRESBYTERIAN**

In his sermon on "The Wonders of the Little Rift within the Lute," to be preached at the First Presbyterian Church tomorrow evening, Dr. Hugh K. Barron will tell the story of a threatening peril to the life of his home church and will give the State and will bibe his opinion of how the calamity may be averted.

The topic for morning is "The Religious Life in Its True Setting."

**CHRISTIAN SCIENCE**

A lesson-sermon on "Matters" will be read at 11 a.m. service tomorrow in each of the five Christian Science churches.

The first witness was Mrs. L. A. Earney, landlady at the rooming house where Rogers was slain. She testified to hearing the shot.

Ordinarily it would be all right, the Nebraskans point out, but there are so many Cornhuskers here that there won't be room.

Kansans will meet a week from today.

**NEBRASKANS ONLY**

Kansans are warned to keep away from Sycamore Grove today. The all-day picnic there will be for Nebraskans instead of Kansans, contrary to an announcement previously to be found in the local newspapers.

Ordinarily it would be all right, the Nebraskans point out, but there are so many Cornhuskers here that there won't be room.

Kansans will meet a week from today.

**Jury Chosen to Try Mrs. Rogers as Mate Slayer**

Selection of a jury to try Lella Rogers charged with the murder of her husband, William Rogers, was completed in Judge Hahn's department of the Superior Court yesterday afternoon and the prosecution began its case by placing three roomers in the house in which Rogers was killed on the stand.

The first witness was Mrs. L. A. Earney, landlady at the rooming service where Rogers was slain. She testified to hearing the shot.

The second witness was Rogers' son, and the third, Rogers' son.

Similar testimony was given by John A. Davis, police chauffeur, who also rooms in the house, and E. M. Stadley. The case is being prosecuted by Dep. Dist.-Atty. Oscar T. Attorneys S. S. Hahn is acting for the defense.

**WHY BURY JESUS?**

A new silk flag, donated to the church, will be dedicated at the Wilshire Boulevard Christian Church tomorrow morning, following which Rev. M. Howard will preach on "Christ and the Nation." The topic for the evening discourse is "Why Bury Jesus?"

**DR. C. F. AKED**

The Cocoanut Grove at the Ambassador Hotel will turn into a temple of worship tomorrow morning when Dr. Charles F. Aked gives his last address under the auspices of the Wilshire Boulevard Congregational Church.

Dr. Frank Dyer, the pastor, will preside, and he will also speak at the Public Forum at 8 p.m. in the Ambassador Hotel.

**GREAT REFUSAL**

Mrs. Leila Simon Castberg, pastor of the Church of Divine Power, will speak at the "Great Refusal," at the Morosco Theater tomorrow morning. Preceding the sermon Sunday school and a sacred song service will be conducted.

Mid-week services will be conducted at 12:15 p.m. and 8 p.m. next Wednesday at the Biltmore Hotel.

**WHAT'S WORTH WHILE?**

Rev. Edward Campbell, formerly pastor of the First Presbyterian Church, will be the preacher tomorrow at the Wilshire Boulevard Congregational Church.

Following the sermon, sixty members of the church will enjoy a luncheon and will then go out to make the "Every Member Canvas" for funds to support the church through the new fiscal year beginning April 1.

Dr. J. A. Eby will preach and the motion picture, "What is Worth While?" will be shown.

**HEROES AND COWARDS**

Dr. R. A. Torrey, pastor of the Church of the Open Door, will speak at the church tomorrow evening on "Preaching Prayer and Real Revival." The topic for evening is "Heroes and Cowards." The sermons and musical programs of

## "BIBLE IN SCHOOLS" IS TOPIC

Movement to Place Question on Ballot Will be Launched at Mass Meeting Tomorrow

Whether sacred literature should have a place in the secular educational institutions of America and especially in the free schools of this republic, is a question which has long engaged the attention of wise and good men, none of whose motives can be questioned but who have held and still hold opinions on this subject that are as divergent as the North and South poles. Like Banquo's ghost, this issue "will not down" but continues to appear, at intervals, in various parts of the country and at present California is one of the States in which it is being widely discussed.

Among the questions to be discussed by Dr. William McCormack, Dean of St. Paul's Cathedral, in his sermon tomorrow evening at the Scottish Rite Auditorium, are the following: "Why are the Masons of the United States devoting this week to a consideration of the public schools? Do you think that the State universities and independent schools of California are at present dangerous for students? What is your opinion of the recent decision of the Supreme Court of the United States regarding the Bible in the public schools?"

Dr. McCormack will also conduct services at the auditorium in the morning and every day at noon, next week will conduct Lenten services at 6:15 South Figueroa street.

**FIRST CONGREGATION**

Two services will be conducted at the First Congregation Church tomorrow morning, one at 10 and the other at 11:30 o'clock. Dr. Carl S. Patton, pastor, will preach at both services and his theme will be "The Atonement." The Wednesday-evening discussions on "The Ten Commandments and the Sabbath" will be held at 8 p.m. next Thursday.

**MARK OF MANHOOD**

Dr. Herbert Welch, for eight years pastor of the First Methodist Church in Los Angeles, will be the preacher tomorrow morning at the First Methodist Church. In the evening, Dr. E. Helms, the pastor, will preach on "The Mark of Manhood" and Lenten services will be held at 6:30 p.m. evening service in English.

Rabbi Mayer Winkler will speak at the Congregation of the Sons of Jacob, 1100 South Figueroa street, on "What is the Mark of Manhood?"

Services will be conducted tomorrow evening by members of the Board of the First Congregation of the First Presbyterian Church.

The subject for tomorrow evening will be "The Sabbath." The Lenten services will be held at 6:30 p.m. evening service in English.

Services will be conducted tomorrow evening by members of the First Congregation of the First Presbyterian Church.

The subject for tomorrow evening will be "The Sabbath." The Lenten services will be held at 6:30 p.m. evening service in English.

Services will be conducted tomorrow evening by members of the First Congregation of the First Presbyterian Church.

## OUR SUNNY FRIEND

Unconquered Worlds  
I used to get a lot of kick  
From Alex the Great and the bitter tear  
He ached when the last of his foes  
was licked  
And he had no more to fight,  
poor dear,  
But if he'd chosen the poet's lot  
He would never have had such  
cause to mope.  
There would always have been new  
poems ahead  
For him to stagger toward or grope.

The times are gone when men  
could sail  
Each day new seas toward new  
Aces  
A-la-Columbus, Drake or Cook,  
For all of that are unknown  
shores,  
So long as men can cudgel their  
brains  
And shape out thoughts with  
blundering pens  
Or things of art with chisel and  
brush  
There will always wait new  
drama.

When we follow the paths the  
Morn  
mons came  
We find oil stations all the way,  
Hotels and banks and movie shows  
And the radio screeches night  
and day.  
But so long as the world is full of  
souls  
With deeps unprobed or heights  
unguessed,  
For all of the lies the map men  
tell  
It beckons still, the Unknown  
West.  
Prince, till the summons comes to  
me  
To abandon the flesh and be the  
great  
Of Persephone in the realm of  
shades  
Will beckon still, the Unknown  
West.

Billie Lale says when  
comes around he always goes  
proposing three roses and  
invented forgetfulness, he  
the springs that have gone  
or rather the sunsets  
tunes that have gone  
tunes that have gone  
Glorious springtime.  
When every radish and  
potato and every  
tuce seed is a potato  
crop toothlessness.

Man who loves his  
manner in about all the  
of the globe, but, like  
springtime, is a down  
joyous than harvested time.

However fruitful a harvest  
be, there is always some  
the garden or the ranch or  
disappointment.

No matter how large the  
toes may be or how many  
of them on some of the vines  
are always other vines in  
gaunt barren stalks in  
outward or the cattery.

No matter how golden  
or purple the radishes may  
of the vines, there is  
other vines that black  
failed to rescue from the  
Spring knows nothing.

Spring restores the  
catalogues and sends  
first seed catalogues we  
brought into our lives.

Glorious springtime.  
Glorious amazons that  
spell over all the gardens  
neath the canopy at sunset  
permits them to forget the  
of other years.

Famous Wives  
Ocean,  
Permanent,  
Cold,  
Crusie.

## BUSINESS BLOCK BAN IS ORDERED

Council Refuses Wilshire Boulevard Permits

Would Halt Operations to Fix Street Lines

Orange Street Change of Name Discussed

The City Council yesterday unanimously passed its collective封令 down upon permitting any additional business buildings to be located on Wilshire Boulevard west of Western Avenue in order to assist in carrying out the plans for the widening and beautification of the boulevard from the city to the sea, as sponsored by the Community Development Association.

There was a petition before the Council to permit business buildings to be built on Wilshire at the four corners of Fairfax Avenue.

The granting of this petition was opposed by Attorney H. W. O'Malley of the Community Development Association, who asserted that the railroads serving Los Angeles and the Pacific Southwest are in earnest support of and active work in effecting the opening of the greater harbor. Announcement was made that the Union Pacific is ready to proceed with development of its valuable holdings on Terminal Island, and that the railroads have agreed to give deep-sea access to them as guaranteed.

(2) Declaratory made by engineering experts representing the Standard Oil Company, the Union Oil Company and the Pan-Pacific Oil Company that their recent permanent investments aggregating \$10,000,000 in the past eighteen months, based on belief of the railroads, that the industry of Southern California can be counted on as a virtually diminished division for the future generation, are the railroads.

Again, after Maj. Leeds, engineer of the Greater Harbor Committee, had read a paragraph from a past report of the committee, in which it went on record in favor of creating a port district comprising the two harbors, he did not adduce any administrative control of a proposed port commission, Gen. Taylor said:

"I hope you'll have that reproduced and sent to every individual and every interest, private or otherwise, affected."

## REPEATS WARNING

(3) Continued emphasis placed by Gen. Taylor on the necessity of giving control of the two intercommunicating harbors and their development, first as an entity, a national or international asset. This declaratory representative John D. Fredericks asserted, was always in mind, although it might sometimes seem to have been forgotten in the intensity of concentration on immediate local problems.

(4) Astonishing figures presented by Clarence Matson of the Los Angeles Chamber of Commerce in a report on the growth of the harbor and its earnings on the Federal investment already made in it.

Members of the board were dinner guests last night of the Greater Harbor Committee at the Pacific Club and today made a second inspection tour, which covered the Orange-street frontage, and he moved that the Council order the name changed. Action was postponed until the official report of the City Engineers was submitted to his check of the petitions. The Orange Street Improvement Association is sponsoring the change of name as the first step in widening Orange Street, linking it with Wilshire Boulevard by a bridge over the lake in Westlake Park.

**CITY TO FIGHT ZONING RULING**

(Continued from First Page)

inent reason for the exercise of a power to impose such discriminatory zoning laws as those of Justice House and Curtis concerned in Justice Conroy's decision.

The petitioners also sought relief from the so-called "set-back" ordinance which requires all buildings on Wilshire Boulevard between Bronson Avenue and the west city limits to be set back a minimum distance of fifteen feet from the street line.

The court held in this matter that the ordinance was an unlawful attempt by the city to exercise its police powers. "It is nothing more than an attempt to regulate and control the use of private property on established grounds, but having no reasonable reference to the safety, health, morals or general welfare of the people at large." The court declared that such an ordinance would regulate the distance between buildings and this would be necessary if the ordinance was designed as a fire measure.

Assistant City Attorney Green declared this a serious feature of the decision. "The ordinance was designed to protect adjacent property owners and provide for a systematic and orderly development of the city," he said.

Should the Supreme Court grant a rehearing of the Zahn case it will have two zoning cases awaiting its decision, he said. The ordinance made void which was in operation prior to the present zoning law. The regulation in this case prohibits anything along a property line being along a property line of West Adams street. The District Court of Appeal recently held that this ordinance was unconstitutional and from this decision a rehearing was granted by the Supreme Court.

## PROTECTIVE SOCIETY WILL MEET TUESDAY

NATIONAL PRESIDENT OF ASSOCIATION TO BE SPEAKER

The annual convention of the California Degree of Honor Protective Association will open Tuesday at the Clark Hotel. A large number of delegates from every section of California are expected to attend.

Frances Buell Nelson, national president of the association, will be the principal speaker at the gathering. Mrs. Nelson's home is at 810 North Figueroa. The president of the State organization is Mrs. Ella Heath of Fresno.

The delegates will meet for lunch at the hotel at noon. This will be followed by an open meeting.

Invitation ceremonies will be conducted in the evening after which the officers for the ensuing year will be installed.

## DRESS LECTURES SET

New York and Chicago Modiste Give Demonstrations

Daily lectures on dress will be given at the Ville de Paris—B. H. Dus Company, for two weeks starting next Monday, by Mrs. Miller, designer and modiste of New York and Chicago. The lectures and demonstrations will be given in the dry goods department of the store from 10 to 10:30 a.m.

The effects of different materials and fittings will be shown by the designer.

The annual convention of the California Degree of Honor Protective Association will open Tuesday at the Clark Hotel. A large number of delegates from every section of California are expected to attend.

Frances Buell Nelson, national president of the association, will be the principal speaker at the gathering. Mrs. Nelson's home is at 810 North Figueroa. The president of the State organization is Mrs. Ella Heath of Fresno.

The delegates will meet for lunch at the hotel at noon. This will be followed by an open meeting.

Invitation ceremonies will be conducted in the evening after which the officers for the ensuing year will be installed.

The First Day of Spring—March 21—

## ALL IN WORLD IS HELD GOOD

Christian Science Lecturer Makes Final Talk

Declares His Creed is Not Mere Blind Belief

Asserts Proof of Faith is to be Had Easily

John J. Flynn, C.S., member of the board of lecturers of the Mother Church, the First Church of Christ, Scientist, in Boston, Mass., delivered the last of a series of lectures on Christian Science last evening at Sixth Church of Christ, Scientist, Los Angeles.

The lecturer spoke in part as follows:

"Christian Science makes no concession to error in any of its phases, forms or manifestations. It does not admit the reality of the Universe but God, good. In the Universe but God, good. In the mind, doubt, anxiety, alarm, fear, want of sufficient knowledge, lack of pulpit leadership. Christian Science holds steadfastly to the conviction that since man is God's child, the reflection and image and like-ness of God cannot be separated from his creator, deprived of his spiritual inheritance by any human being, used as a football by chance, subjected to material punishment or rendered helpless in the presence of sin, sickness, discord, disease or death. His all-embracing love."

**NOT BLIND BELIEF**

"Christian Science is not at all a blind belief. It is not a theological experiment, not a conjectural creed. It is not based upon legend, tradition, superstition or of futility of punishment; it is a demonstrable truth that proves with mathematical clearness and certainty, to capable and honest investigators, its claim as a science, Christian Science is an understanding of infinite intelligence and of man's relation to the Supreme Being, omnipresent, omniscient and omnipotent divine mind. It is an apprehension and understanding of God which admits of no limitation, question nor doubt with regard to His all-seeing wisdom. His all-embracing power. His all-embracing love."

**EVERYTHING GOOD**

"It is living the conviction that God made everything that was made; that He made everything good; that all of His creations reflect Him and, therefore, that nothing that He has made can be evil. It is an absolute acknowledgment and a positive assertion, supported by living truth, that the God of the Bible—our God— governs and controls the universe and that He is all-powerful, omnipresent, omniscient and omnipotent divine mind. It is an apprehension and understanding of God which admits of no limitation, question nor doubt with regard to His all-seeing wisdom. His all-embracing power. His all-embracing love."

**THE JURY**

## Jury Finds Fist Duel Victim Not Killed by Blow

John Toothman, 15 years of age, did not come to his death from a blow, but fell because of the expansion of a gland in his neck which affected his heart. This was the testimony of County Attorney Surgeon Wagner yesterday before a Coroner's Jury, which found him dead.

Toothman died after a fist fight with R. McLean, 17, in a vacant lot at Sixteenth street and Central avenue.

Police arrested McLean, but released him Thursday when the dead youth's parents urged that he be freed. Dep. Dist.-Atty. Denison, who represented the District Attorney at the inquest, said no charge will be filed. The inquest was at the George K. Whittell undertaking rooms.

## HARBOR BENEFITS BY COAST GUARD CHANGE

**TWO VESSELS ARE ADDED TO SERVICE: BOATSWMAN TRANSFERRED**

Changes in station of United States Coast Guard cutters operating in the Pacific were announced yesterday, Los Angeles Harbor gaining two vessels thereby. They are U.S.S. Vaughn, already on station here, and the U.S.S. Tinsard, now on station at San Diego. The Tinsard will be replaced at San Diego by the U.S.S. Tamaras, now operating on Honolulu Bay.

Boatswain H. C. F. Beyer, who has commanded the U.S.S. Vaughn out of this station for the last two years, yesterday was relieved by Chief Boatswain Mate J. D. Griffin. Mr. Beyer left to join the U.S.S. Algonquin as boatswain, and will have a three-year tour of duty in the Arctic and Bering Sea patrol.

The new skipper of the Vaughn has served aboard the U.S.S. Shawnee on this coast since 1919. He was commended for his heroic action in rescuing two men from the engine room of the motorship Mac Hyman when she was in distress off San Francisco two years ago.

**CRUELTY CHARGED**

Wife Says Husband Wanted to Give Child Away

Lloyd W. Thompson wanted to give his baby away, his wife Marjorie declared in a divorce complaint yesterday. The second child was born when she declared: "I don't see why you think babies are so wonderful. You read in the papers every day about babies being born, but I don't see why we can't give her away." Every time he looked at the child, she said, he treated her like a brat. He had naged her, treated her like a child, and naged the children cruelly, says Mrs. Thompson.

**AUTOPIST PAYS FINE**

L. F. Patterson, 25, was fined \$250 by Police Judge Cleaver yesterday after he had pleaded guilty to a charge of reckless driving. He drove his automobile past a standing street car, knocking down and injuring a woman.

**FOLEY GRAZING CASE ENDS**

Court Orders Stock Raiser to Remove Obstruction Across De Las Alamos Road

A controversy of long standing between John Foley, a stock raiser, and the United States Forest Service regarding Foley's privileges in the Santa Barbara National Forest was settled yesterday when Federal Judge Bledsoe issued an injunction against Foley.

The court ordered the defendant, against whom the government brought suit for injunction last summer, to remove obstructions he had placed across the De Las Alamos Road near the Tejon Ranger station at Fraser Mountain.

Foley also was required to appear in court next Monday in contempt of court proceedings growing out of his contention to comply with the terms of his temporary injunction issued last November. These proceedings were brought on information that Foley had continued to permit his cattle to graze on government land and had maintained ob-

struction by Mrs. Calene McKenna.

## CASING ON LONG TRIP TO OIL JOB

**Here from Canal Because Los Angeles is Only City That Can Pierce It**

The strange travels of 250 tons of oil-well casing were brought to notice yesterday when it arrived in Los Angeles Harbor for shipment to Cartagena, Colombia, aboard the Swayne & Hoy liner West Cactus. The pipe, which reached its final port of destination will have traveled 10,500 miles by rail, truck and steamer, simply because Los Angeles is the only place where the perforation of oil-well casing is successfully done.

The pipe was manufactured in Pittsburgh, shipped by intercoastal steamer through the Canal to Los Angeles, transported by truck to machine shop in the city where it was perforated and ready for the harbor Monday. It will be loaded aboard the West Cactus and three weeks later delivered to the South American terminal of the Tropical Oil Company, to be utilized in the oil fields being opened by American capital in the Colombian jungles.

Cross-section perforating or slotting of steel casing permits the crude petroleum to force its way into the pipe after which it is free to come to the surface through gas or pump pressure. The West Cactus, due here on the 24th inst., will sail the following day on her maiden voyage under the command of Capt. E. H. Christensen, veteran Pacific mariner.

**JURY FINDS FIST DUEL VICTIM NOT KILLED BY BLOW**

John Toothman, 15 years of age, did not come to his death from a blow, but fell because of the expansion of a gland in his neck which affected his heart. This was the testimony of County Attorney Surgeon Wagner yesterday before a Coroner's Jury, which found him dead.

Toothman died after a fist fight with R. McLean, 17, in a vacant lot at Sixteenth street and Central avenue.

Police arrested McLean, but released him Thursday when the dead youth's parents urged that he be freed. Dep. Dist.-Atty. Denison, who represented the District Attorney at the inquest, said no charge will be filed. The inquest was at the George K. Whittell undertaking rooms.

## VON STROHEIM ASKS ALIMONY REDUCTION

**SAYS HE MADE ONLY \$50,000 IN YEAR IN MOTION UP IN COURT**

Erich Von Stroheim expected to receive \$110,000 for his services in producing three pictures for the Goldwyn Pictures Corporation last year.

It was a bad year for the spectacular director, though. He made only \$20,000, and out of that income he doesn't feel that he ought to be called upon to contribute so much. He is asking the court to reduce his alimony to \$15 a week, and the amount of the motion is required to his former wife, May.

The finances of Von Stroheim are due to receive a thorough investigation today when his motion to be heard in Judge Sturmerfield's court. The Goldwyn Pictures Corporation has been ordered to produce in court its original contracts and all subsequent contracts or agreements under which he is to receive compensation or has been paid by firm.

Mrs. May Von Stroheim is asking that he be granted alimony for the benefit of their son, whom she entered on the basis of a contract between them, that the court has no jurisdiction to alter that contract for any course other than charged, and that no fraud is charged.

**DESTITUTION IS CHARGED**

Mrs. Kate Van Tine was granted a divorce yesterday from John A. Van Tine, whom she declared she had not seen since he left her thirteen years ago to go to Virginia to prepare a new home. Her suit was heard by Judge Summerfield.

**ACTION DEFERRED ON HOSPITAL SITE PLEA**

Action on the Public Welfare Committee's report recommending that the promoters of a hospital be denied the use of their entire lot for hospital purpose was postponed yesterday by the City Council until next Tuesday morning. Protests over in the district protested to the Council against the building of the hospital at the proposed location as the building will be near the proposed park to be developed at the Bimini Slough property.

**MOTION-PICTURE GIRL WEDS TODAY**

John Foley, a stock raiser, and the United States Forest Service regarding Foley's privileges in the Santa Barbara National Forest was settled yesterday when Federal Judge Bledsoe issued an injunction against Foley.

The court ordered the defendant, against whom the government brought suit for injunction last summer, to remove obstructions he had placed across the De Las Alamos Road near the Tejon Ranger station at Fraser Mountain.

Evidence was introduced for the government by Asst. U. S. Atty. Simpson to show that Foley had insisted on grazing privileges on the government land, and that his attitude had caused friction with the Tejon Ranger station.

The proceedings were brought on information that Foley had continued to permit his cattle to graze on government land and had maintained ob-

## HOW TO DIAL NUMBERS SHOWN

### Metropolitan Phone Call Explained

E. H. Tibbitts Explains System to Ruth Alden

**THE 3000 employees of the Southern California Telephone Company yesterday started an active campaign to familiarize every Los Angeles resident with the metropolitan method of simplified operation to go into use here the 30th inst.**

Telephone operators, during spare moments, told all their friends just what the new method of dialing will be used, explained telephone engineers explained the intricacies of the up-to-date telephone equipment. Men and women from all departments joined in the roughly familiar with the new method by the time it is in operation. E. H. Tibbitts, an employee of the company, considered it a

pleasure as well as a duty to explain the new method to Miss Ruth Alden.

Beginning on the 30th inst., users of machine switching (automatic) telephones will discontinue the present practice of dialing telephone operators to get a manual number and then dial the first two letters of the office name (TR for Trinity, for example) and the four numbers that follow. The letters appear in the dial, the name in the box, but the distinction between the letters O and I, and the figures 0 and 1, must be kept in mind.

The old directory must be used until the new one is issued, directory thereafter, company officials said. There will be no change in the method of using a manual telephone.

The old directory must be used until the new one is issued, directory thereafter, company officials said. There will be no change in the method of using a manual telephone.

**RUMBLE OF AUTO RIDES**

The plaintiff declares Conrad made numerous private engagements with Mrs. Sindorf to go on automobile rides, dinner parties and entertainments. The real estate man also is charged with having prejudiced Mrs. Sindorf against her husband with asserted stories concerning Sindorf.

Sindorf further charges that Conrad piled Mrs. Sindorf with liquor on many occasions, and made frequent offers of marriage if she would obtain her freedom.

During the period between July, 1922, and July, 1923, they were together a great deal, Sindorf asserted.

Once, when he remonstrated with Conrad regarding his keeping company with Mrs. Sindorf, Sindorf declared Conrad refused to disconnect his asserted attentions to Mrs. Sindorf.

**HUMILIATION CHARGED**

The separation from his wife in July, 1923, Sindorf declares, caused him suffering and humiliation and deprived his son of his mother's care and affection.

The complaint was prepared by Attorney Myron W. and Seymour S. Silverman.

Sindorf the past week took part in the amateur tennis tournament at the Ambassador. He was eliminated by Bill Johnston, second ranking amateur player in the United States. Sindorf is declared to be known all over the country in sport circles as a tennis player.

**TO IMPROVE STREETS**

Several Sections Ordered Taken Care of by Council

The City Council has ordered the improvement of the following streets:

Budlong avenue, from Sixty-sixth street; Sixty-fourth street, from Monte Vista to Figueroa street; Arapahoe street, from Twenty-first and Twenty-second street; Franklin avenue, from Wilcox and Highland avenue; Wilcox street, from First street to Second street; Arapahoe, Madison, Lakeview and Fairfax avenue, from Sunset to Wilshire boulevards.

**STUDY CLUB MEETING**

Coolidge and Johnson Will Be Discussed by Speakers

The Republican Study Club will meet at 2:30 p.m. next Friday at the Clark Frank Tyrell attorney, will tell the members why President Coolidge should be nominated. Another speaker will discuss Hiriam Johnson's candidacy.

**AWARD OF ALIMONY WILL BE APPEALED**

The contention of Mrs. Willie O. Parker that the estate of Francis M. Parker, from whom she was divorced prior to his death, must continue to pay her the \$50 per month alimony awarded her with her decree will be decided by the Superior Court, which filed yesterday a suit for damages against them. The executors question the legality of continuing such payments.

**MEADVILLE PICNIC**

Former residents of Meadville, Pa., will picnic tomorrow from 10 a.m. to 5 p.m., at Bixby Park, Long Beach.

**MORAN GIVEN ANNULMENT**

Court Rules He is Father of 3-Year Old Child; Grants Her Alimony

The final chapter to the story of the turbulent marital relations of Stanley C. Moran and Gladys V. Moran, former member of a Chicago beauty chorus, was written yesterday when Superior Judge Fleming returned a decision granting an annulment to Moran of his marriage to the former actress.

The court also adjudged Moran to be the father of Patsy Grace Moran, 3 years of age, whose paternity was questioned by Moran in his annulment action.

**BASIS OF SUIT**

Moran, formerly in business in Chicago and now said to be interested in motion-picture projects, based his suit on the ground that he had not been legally divorced from his former wife at the time he married Mrs. Moran in 1921. He admitted he was the father of Stanley C. Moran, Jr., one of Mrs. Moran's children, but asserted on the witness stand that Patsy Grace Moran was Mrs. Moran's child by a former marriage.

Mrs. Moran brought a cross-complaint for separate maintenance in which she declared Moran was the father of her two children. At the trial, she testified she had lived with Moran as his wife prior to their marriage in 1921. His legal representation contended to her that they had gone through a marriage ceremony following a party in Ohio in 1919. It was by virtue of this alleged relationship that she claimed Moran was the father of Patsy Grace Moran.

**PATERNITY RULING**

After hearing the testimony, Judge Fleming held that Moran was the child of Mrs. Moran as the evidence showed he had been the

husband of Patsy Grace Moran.

**WILSON'S MARGARINE**

Wilson's Margarine is a product of the Wilson's Margarine Company, Los Angeles.

**VEGELEX**

VEGELEX is a product of the Wilson's Margarine Company, Los Angeles.
